WELCOME

Welcome to the Facility & Grounds Team!

Our team is filled with talented individuals who take pride in their craft. Serving on our team allows you to use your individual God-given talents to beautify and maintain our church. You will work on individual projects as they arise. Our Facility Director is responsible for the overall care and maintenance of the facility and grounds, and works with outside paid sources to complete many of the regular necessary tasks.

HOW SERVING WORKS

When needs arise on campus that require special skills, we'll connect with you to see if you are able to meet the need and serve.

This is for anyone that has a talent in the areas of facility maintenance (painting, electrical, plumbing, carpentry, etc.) or enjoys doing outside work (planting, gardening, grass cutting, snow shoveling etc.)

F.A.Q.'S

frequently
asked
questions

What skills do you need?

Almost anything! Painting, electrical, plumbing, carpentry, planting, gardening, grass cutting, and snow shoveling are the items that come up most often, but any trades skill or willing hands are welcome.

Do you have tools available?

We have a good selection of common tools and work equipment. However, some jobs may require specialized tools. You are always welcome to bring your own equipment and tools.

Do you need to be a professional to serve?

Nope! Please do not feel you need to be a skilled tradesperson to get involved. If you are willing to give of your time & talents, we will be able to find an area around our facility that will fit with your abilities.

Are you insured?

Yes, the church carries insurance for people on campus.
